

Jenson Vanities' custom tops are manufactured in a rectangular shape at 22 inches deep in custom lengths from **25 to 73 inches only**. They are designed to provide a vanity top for our *Bathroom Solutions* modular component cabinets, where wall to wall or against one side wall is desired. The flat edges on these tops (where no dripless edge is specified in step 4) are unfinished and designed to be placed against a side wall where it's not visible.

TO PLACE AN ORDER: Check the applicable boxes, fill in the blanks as noted and submit this completed form to a sales associate of an authorized Jenson Vanities Dealer. **Please verify your measurements, no changes or cancellations can be made once order is faxed in.**
